Tatami Vinyl

Great for Judo, BJJ, Taekwondo

Carpet

Great for Cheerleading, Gymnastics, Wushu

THE FLEXI-ROLL® ADVANTAGE

Safety

Flexi-Roll® mats use high-density crosslink foam that features tiny air pockets to cushion falls and take down while remaining firm enough to pivot, kick on and protect the athletes.

QUALITY DURABILITY

Made with tough 24 ounce vinyl surface, strong 26 oz. Carpet and athletic-grade foam, Flexi-Roll® mats never require reconditioning, and do not harden over time.

Performance

Flexi-Roll® mats provide a firm surface to training on, making for a faster experience without compromising shock absorption.

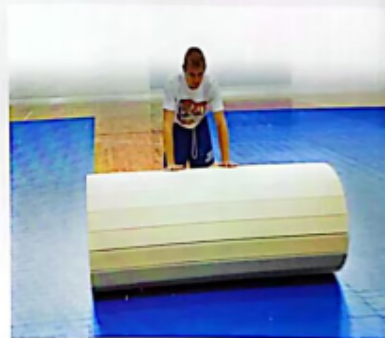

Light-Weight

At only 115 pounds per roll, each roll can be transported easily by one or two people.

Environmental

No smell, antibacterial, without adding any glue and no harm to skin and eyes.

Convenience

Our exclusive Flexi-Roll® feature enables a single person to set up or take down a full competition floor in just minutes. It's the ultimate in convenience.

CONTENTS

- 01 WUSHU MAT
